

Financial and Operational Performance

Presented by

Brentnalls SA

What this session will provide

The Financial and Operational Performance workshop will explore the following:

- How to establish a budget forecast and use KPIs to monitor the practice's performance;
- The process for analysing and setting patient fees;
- Financial tools and systems that improve the efficiency of financial management;
- The key strategies for creating operational efficiencies; and
- Using efficiency to drive quality improvement, manage risks and increase productivity.
