

Vulnerable Populations Vaccination Program

Let's support the community together

ABOUT

Australian Government funding is available to support the vaccination of people at greater risk of illness from COVID-19. With the 2023 booster dose now available more people may need assistance to access COVID-19 vaccinations this winter.

racfvaccination@wapha.org.au

Today to discuss your submission

ORGANISATIONS

Organisations that work with:

- Aboriginal and Torres Strait Islander people
- Rural and remote communities
- People experiencing homelessness/street present
- CALD communities
- People with a disability

ACTIVITIES

From pre-vaccination engagement activities to pop up clinics, travel costs and staffing support the funding is flexible enough that we welcome a chat with any service providers supporting target groups

APPLY

Our team can guide your application which would include:

- Overview of the target population
- Activity outline
- Proposed budget, and timeframe (including costs per week).
