

Immunisation Update for Practice Nurses

Presented by WA Primary Health Alliance and Metropolitan Communicable Disease Control (MCDC)

Join us for the return of our popular Immunisation Update for general practice staff.

This presentation will cover:

- Promoting immunisation uptake
- National Immunisation Program (NIP) – changes and updates
- Pneumococcal and Meningococcal programs
- AIR and PRODA (HPOS)
- Immunisation education – online modules
- Cold chain
- Adverse event reporting processes
- Formulating catch-up immunisation plans
- 2022 Influenza Vaccination Program update.
