

WAPHA LEARNING WEBINAR

Accreditation for Nurses in General Practice

Join us for an informative and engaging webinar designed specifically for nurses working in general practice.

Accreditation plays a crucial role in ensuring the quality and safety of care provided in general practice.

This webinar will cover the essential aspects of accreditation, including the latest standards, best practices and practical tips to ensure your team feels confident in demonstrating quality improvement to maintain the RACGP standards.

Key topics:

- The role of quality improvement in accreditation.
- Understanding accreditation standards and requirements.
- Best practices for maintaining compliance.
- The role of practice nurses in achieving accreditation standards.
- Practical strategies to support accreditation readiness.
- Insights from industry experts on accreditation best practices.
- Q&A session with industry experts.

Don't miss this opportunity to enhance your practice and improve patient care. Register [here](#) or scan the QR code.
