

Pride in Health + Wellbeing Membership Grant: Expression of Interest

Background

Pride in Health + Wellbeing is excited to offer the opportunity to apply for one of 12 memberships in Pride in Health + Wellbeing, intended to help smaller organisations and general practices provide more LGBTQ inclusive care. These memberships will allow organisations to not only review and upskill on their care for gender and sexuality diverse patients/service users but also to measure this change through the free annual Health + Wellbeing Equality Index (HWEI) benchmark and surveys.

Benefits

Successful organisations will be provided with Training Membership for Pride in Health + Wellbeing Membership.

- 3 online training modules
- on demand Relationship Manager Support
- 1 x on site visit
- 2 hr tailored training/consulting
- online access to member-only resources
- 2-minute audit of services and planning session
- Community of Practice every 8 weeks
- Annual HWEI benchmarking tool, staff survey, service user survey (with full report of results)

During this time, they will be provided with their own Relationship Manager, who will be their mentor and coach to better understand LGBTQ inclusive care, upskill the staff through consultation and training, access to member-only resources and the latest research and best practice. Together the successful organisation will review their current inclusion and identify gaps in inclusive care across the service user lifecycle.
