

WAPHA LEARNING WEBINAR

Immunisation - Winter Wellness Webinar

The 2025 winter season is fast approaching.

Join us for this webinar to learn about the new immunisation schedules and which vaccines will be available for respiratory syncytial virus (RSV), influenza, pneumococcal and COVID-19.

GPs and vaccine service providers play a crucial role in ordering and administering vaccines, educating patients and ensuring coverage across all age groups.

This webinar will cover the following topics:

- Key successes of the 2024 infant RSV immunisation program as a vaccine service provider.
- Implementation strategies for the 2025 program.
- 2025 eligibility criteria for pregnant women and infants.
- 2025 influenza vaccines.
- JN.1 COVID-19 vaccine and the associated ATAGI guidelines.
