

Wesley LifeForce Suicide Prevention Training General Practice Staff Workshop

With a 20-year history of suicide prevention support to the Australian community, Wesley LifeForce offers training that is developed from evidence-based expertise in the Australian community and with input from Australian General Practitioners (GP's), General Practice Nurses and Practice Managers.

Refresh your skills

Our specialised programs are designed to equip you with leading methodologies and strategies in suicide prevention. To keep abreast of new developments, our programs are regularly reviewed by our national Advisory Board, consisting of leading Australian researchers and practitioners in the field.

Skills training for General Practice staff

As part of practice accreditation your staff are required to be able to triage patients. This workshop enables you to develop a strategy or protocol to meet the needs of your general practice

- 2-hour tailored seminar
- build awareness and skill staff to recognise "at risk" signs, and to respond appropriately.
