

Wesley LifeForce Suicide Prevention Training Primary Care Support Staff Workshop

With a 30-year history of suicide prevention support to the Australian community, Wesley LifeForce offers training that is developed from evidence-based expertise in the Australian community and with input from Australian General Practitioners (GP's), General Practice Nurses and Practice Managers.

Refresh your skills

Our specialised programs are designed to equip you with leading methodologies and strategies in suicide prevention. To keep abreast of new developments, our programs are regularly reviewed by our national Advisory Board, consisting of leading Australian researchers and practitioners in the field.

Skills training for primary care support staff

Designed for primary care support staff, this session will help you develop effective triage strategies and protocols to meet the needs of your health organisation.

- 2-hour tailored seminar
- build awareness and upskill staff to recognise "at risk" signs, and to respond appropriately.

Program details: Thursday, 24 July 2025; 5.30pm to 8.00pm AWST

Location: The Rural Clinical School of Western Australia, 7/11 Hedland Place, Karratha, WA 6714
