

Government of **Western Australia**
South Metropolitan Health Service

The South Metropolitan Health Service invite you to be a part of our online community engagement platform

Do you want to have a voice in how South Metropolitan Health Service (SMHS) delivers healthcare?

In October, we will launch an online platform that will make it easier to capture the views and thoughts of our community, and we'd like you join us.

How will the online platform work?

You can register to join this online community and be a part of the two way communication that includes;

- sharing your ideas on how we can best deliver healthcare to the whole community
- being the first to learn about new initiatives
- commenting on draft consumer resources before they are published
- asking questions about the issues you would like to know more about
- contributing to interest groups to exchange and capture information.

You can choose how involved you'd like to be - you don't even need to leave the comfort of your home.

Partnering with you helps us to understand what is important to you. We can use this information to continue to provide healthcare that meets the needs of our local community.

If you would like to be one of the first people to become a member, you can register your interest in one of three ways;

- Email; SMHS.SafetyQualityandConsumerEngagement@health.wa.gov.au
- Follow this link; <https://forms.office.com/r/CdTTKVeaHd>
- Or scan this code;
