To apply - [CLICK HERE](#)

The Course in Wound Closure includes an online assessment completed via accessIQ, one-day face-to-face workshop and an in-class activities assessed by assessor. **Students need to complete the online component before they are able to book into a workshop date.**

As part of this one-day course, you will have the opportunity to explore a range of methods and learn the unique benefits and limitations of each wound closure and suturing technique that must be considered in each individual case.

The one-day workshop topics and activities will include:

- Wound assessment
- Identifying and managing different types of wounds
- Using local anaesthetic
- Closure methods and selection of appropriate materials
- Simulated wound closure
- Simulated assessment tasks
- Documentation and follow up and referral.
