This course is funded for you by WA Primary Health Alliance. Please use code WM-WAPHA to enrol at no cost. Register early as places are limited and will fill quickly.

### Learning Outcomes

- Accurately identify wound types
- Apply appropriate wound assessment methods to clinical practice
- Identify chronic wound features and associated clinical features including interpretation of wound terminology
- Identify and perform appropriate wound cleansing and debridement methods
- Obtain a compliant wound swab culture using best practice methods
- Make informed appropriate choices of wound dressings based on accurate wound assessment
- Use appropriate documentation and report writing methods to provide patient education, and consistent and ongoing care.
