

PIP Quality Improvement 10 Measures Tracking Worksheet

Practice name:

Date:

The following 10 measures have been identified as priority areas by the Department of Health and practices participating in PIP QI are required to submit data on the measures quarterly. You can use this worksheet to set targets and track the results against the 10 measures. Measures 11 and 12 are for your own target areas.

How to complete

1. Choose one or more indicators to focus on or create your own target areas.
2. Enter a Practice Target and Practice Baseline for each indicator in the list.
3. Track your progress over time by entering a result for each quarter.

Measure	Practice Target	Practice Baseline	Q1 Result	Q2 Result	Q3 Result	Q4 Result
1. Proportion of patients with smoking status recorded.						
2. Proportion of patients with alcohol status recorded.						
3. Proportion of patients with weight recorded.						
4. Proportion of patients with up-to-date cervical screening.						
5. Proportion of patients with diabetes with blood pressure recorded.						
6. Proportion of patients with diabetes with current HbA1c result.						
7. Patients with diabetes immunised against influenza.						
8. Proportion of patients with COPD and immunised against influenza.						
9. Proportion of patients over 65 immunised against influenza.						
10. Proportion of patients with necessary risk factors to enable CVD assessment.						
11.						
12.
