

# Primary Sense Reports for Allergy Recorded

Primary Sense can provide reports based on real-time data, allowing practices to monitor performance and focus on clinical outcomes. The features and functionality of reports can support roles across the practice team. Generated reports are automatically saved to a folder on the computer, enabling data comparison over time.

### Accessing reports for Allergy Recorded

At the top of the Primary Sense sidebar menu: click **Reports** and select keyword filter: **Allergy** 

#### Quick tip!

Patients without an allergy status recorded can be at risk of a medication mishap.

Patients booked in with missing PIP QI measures With appointments in the next 2 weeks	<ul> <li>Identify patients without allergy recorded and with an upcoming booked appointment.</li> </ul>
	<ul> <li>Filter results by clicking on each column. Clicking on columns rearranges the results, for example for each doctor or appointment date.</li> </ul>
Patients missing PIP QI or accreditation Measures All patients missing measures	Identify patients without allergy recorded.
	<ul> <li>Filter options to target specific focus groups within the report such as age or risk factors.</li> </ul>
Accreditation % compliance	Identify the % of allergy status recorded your practice patient population.
Your Practice Data Quality Compared to PHN average	Compare your practice % allergy status recorded in comparison to the PHN average.
For further interrogation of data to target specific areas otherwise not highlighted, reports can be	

## Quality improvement (QI) opportunities

- Develop a process for clinical staff regarding methods to capture and record patient allergy status.
- Implement an activity to track recording of allergy status to ensure the practice is meeting accreditation standards.

exported to Excel or CSV for enhanced manipulation and filtering.

For more information about QI, refer to the QI Tool Kit that is designed to help general practice teams undertake QI activities by providing a range of useful information, resources, tools and templates.
