

Primary Sense Reports for GPMP and TCA

Primary Sense can provide reports based on real-time data, allowing practices to monitor performance and focus on clinical outcomes. The features and functionality of reports can support roles across the practice team. Generated reports are automatically saved to a folder on the computer, enabling data comparison over time.

Accessing reports for GP Management Plan (GPMP) and Team Care Arrangement (TCA)

At the top of the Primary Sense sidebar menu: click **Reports** and select keyword filter: **GPMP or TCA**

Quick tip!
Click on column headings to rearrange the report results via factors such as age or hospital risk.
