Nurse Forum 2026 - Primary Care Nurses Day Celebration

Sustaining Primary Care Nursing: Wellbeing in Practice

WA Primary Health Alliance (WAPHA) invites you to attend the Nurse Forum 2026 - Primary Care Nurses Day Celebration.

With the theme of Sustaining Primary Care Nursing: Wellbeing in Practice, the forum aims to provide a dedicated and supportive space for practice nurses from across our region to connect, reflect and strengthen their role within primary care.

Key objectives of the forum:

- Create a reflective and supportive environment to share experiences, challenges and successes.
- Strengthen capability in leadership, clinical practice and multidisciplinary teamwork.
- Enhance skills and knowledge with practical tools, evidence based strategies and self-directed learning and growth.
- Support wellbeing and resilience by addressing mental health, stress management and sustainable practice.
- Foster collaboration and community, reinforcing the integral role practice nurses have in multidisciplinary models of care.
- Align with WAPHA's strategic vision by supporting workforce sustainability, equity and continuous quality improvement in primary care.

To register for the forum, [click here](#) or scan the QR code above.
