

WAPHA LEARNING

Practice Manager Forum

Futureproofing your general practice

Join us for an engaging and informative in-person event designed to support WA general practices with navigating key changes, embracing innovation and strengthening quality improvement (QI).

General practice is evolving rapidly, from accreditation reforms and privacy legislation updates to the integration of AI and digital tools.

The Practice Manager Forum will bring together primary care professionals to explore these changes, share insights and connect with support programs that enhance practice sustainability and patient care.

What to expect:

This interactive session will provide the following:

- Education on key changes to accreditation, privacy and risk management.
- Insights into the use of AI and social media in general practice.
- Opportunities to connect with WAPHA programs and projects.
- Peer-to-peer networking and knowledge sharing.
- Application of QI principles in everyday practice.
