# Practice Manager

## Virtual Networking Sessions

Join us at our Practice Manager Virtual Networking Sessions, which provide an opportunity for you to connect, discuss topics of interest, share information and raise questions with your WAPHA support team and other local general practices.

When you register for each virtual session, you can indicate which topics you would like to be discussed.

The topics could be about anything that is important to your practice or information on practice-related matters such as accreditation, reform measures, incentives, MyMedicare, digital health, quality improvement, immunisation, cancer screening or WAPHA programs and projects.

To make the most of these interactive virtual sessions, you will need to have access to a microphone and camera, if possible.

### Dates of the virtual sessions:

- Session one: Thursday 5 February at 11am.
- Session two: Thursday 2 April at 11am.
- Session three: Thursday 4 June at 11am.
- Session four: Thursday 6 August at 11am.
- Session five: Thursday 1 October at 11am.
- Session six: Thursday 3 December at 11am.

To register for session one, [click here](#) or scan the QR code.

### SESSION ONE

 Thurs 5 Feb 2026

 11am (AWST)

 Virtual session
