

WAPHA GP LEARNING

STI and BBV Refresher Series

Join us for a series of training webinars designed to enhance your knowledge and skills on syphilis in general practice, including interpreting results, initiating treatment, contact tracing, co-infections and hepatitis C.

The webinars are accredited for 1 RACGP EA CPD hour (15 minutes each).

Webinar 3: Thursday 7 August 2025 at 6pm**Contact tracing and other follow-up of STI diagnoses**

The third webinar of the series on Thursday 7 August 2025 will cover the following topics:

- How to discuss contact tracing, including options for the patient if they do not want to disclose to their partners.
- How to manage and follow-up STI co-infections.
