

WAPHA LEARNING WEBINAR

Early detection and management of chronic kidney disease (CKD)

Join us for the first webinar in this series with Kidney Health Australia.

Guest speaker Professor Mark Thomas will explore the early detection, diagnosis and management of chronic kidney disease (CKD) in at-risk populations.

Webinar topics:

- The importance of early detection for those at risk of CKD.
- The elements of the assessment for CKD (kidney health check).
- Treatment therapies that can delay the progression of kidney disease.
